President Bigley's March Message:

Halfway there!

Dear Fellow Clerks:

I cannot believe the halfway point in my year serving as President of our Association is this month. Time has flown and I have been so busy I did not even notice until a few days ago when I stopped to take a breath.

For those of you who were not able to attend the Annual City and County Clerks School in January, we missed you. It was a great educational opportunity and probably beat all attendance records. There were 91 clerks registered for the New Clerks School, 142 for the MMC Class and a total of 286 clerks registered for the regular sessions.

Almost every clerk in attendance went home with a door prize. This year Tina Lanier from Lexington was fortunate enough to get the artist, Bob Timberlake, to donate a signed print to be given as the grand prize. Our own Carmen Miracle so deservedly won the print and when I say she was so excited, that's putting it mildly! **CONGRATULATIONS** Carmen.

I have received a request from one of the Directors to place an item on the March 9, 2007, Board of Directors agenda to discuss the possibility of starting our Annual Conferences in August one day earlier (Wednesday) and ending them one day

earlier on Saturday. The banquet would be on Friday night. If you have an opinion on this matter, please convey it to your District Director prior to the March meeting.

The 2007 IIMC Annual Conference will be held in New Orleans, Louisiana, beginning May 21 through May 27. I hope that a lot of you will be able to attend. Our own Stephanie Kelly, Charlotte Deputy City Clerk, will be sworn in as IIMC District III Director at the banquet on Saturday night, May 26. We are so proud of Stephanie and honored to have her serve in this capacity.

I have checked out the hotel online and it is absolutely gorgeous and sits

right by the Mississippi River. From what I understand, it is located within walking distance of the French Quarter. Who knows, I may come back speaking "French"!

You will find in this issue the College Scholarship Application with a deadline of March 15th. Please give one to any high school student who may need financial help to attend college.

Until next month, stay warm, attend the MMC sessions, either in Rocky Mount or Concord, and share a smile!

GO TEAM!

Beverly Bigley, CMC
NCAMC President

Carmen Miracle, left, holds the Bob Timberlake print she won in the drawing held at Clerks School in January. Tina Lanier, right, got Timberlake to donate the print. See related story on page 6.

How to say it!

This information was prepared by Susan Moran, Public Information Officer (PIO) for the Town of Cary, for dealing with the media. Much of this is also helpful in our conversations with citizens. *Provided by Sue Rowland, CMC, District 6 Director.*

Instead of	Try	Because
No comment.	While I can't address that specific issue, I can say that generally ... OR While I can't speak to that, I will say ...	Merely saying "no comment" is wasting a good opportunity to get your message out.
I'm not sure, but I think the answer might be ...	I wish I could help, but I don't know the answer to that. A better person to speak with is...	Guessing runs the risk of perpetuating misinformation that may never get corrected.
That's absurd ... that's ridiculous ...	That's not the case ... OR The facts/data don't support that. (AND provide the facts/data.)	Your point can probably be made without using words that appear harsh or judgmental.
That's a lie. The facts are clear and they don't support that position/remark.	We would disagree with that position/remark. (AND provide the facts/data.)	Harsh and overly direct responses can appear unnecessarily rude.
Personally, I think ...	At the Town of Cary we believe ...	The interview or conversation is because of your professional position, not who you are as an individual. At work, you don't have/give personal opinions.
As part of my job, I decided to ...	The Town decided to ...	Most things in the organization happen as a result of a team effort, which includes having the Manager or Council sign off on it, directly or indirectly. Also, you want the power of all the employees standing with you symbolically in your response.
Off the record ... OR ... between you and me ... OR ... just on background ...	We never go off the record; maybe you should speak to the PIO (or department director)	No one ever goes off the record in our organization because it usually ends up being part of the record and rarely just between you and them. If it needs to be said, say it or ask the PIO to say it.
We may have to raise taxes ... OR ... we may have to cut services.	We will need additional funds ... OR we will have choices to make ...	Get to the real point and don't presume to suggest what Council or the organization might or might not do.
I don't have to give you that information ... OR ... I won't give you that information because it's part of the investigation, and I don't have to.	While we appreciate your interest, state law doesn't support our discussing those details at this time since we have an active investigation. Thanks for your interest but discussing those details right now could compromise our investigation, which I am sure no one wants to see happen.	The law is on our side, so there's no need to alienate folks in the process of simply refusing their request.
That is a big problem ... OR ... huge catastrophe ... OR ... we really messed up on this one ...	This is quite challenging. We didn't do our best with this. As always, we're doing a comprehensive evaluation to see how we can improve.	Exaggeration could lead to a degradation in the public trust and/or to lawsuits based on an inaccurate perception of our role.
That's tough, too bad.	This is a difficult time/situation for everyone involved.	Expressions of empathy and sympathy should be made completely & accurately.
Council's got that all wrong ... OR ... Council made a bad decision ... OR ... we disagree with Council...	Our position as staff is to implement Council's vision for our community.	It's not productive to point out possible mistakes or conflicts. What's important is that issues get resolved so that we can move forward with our work.
Some people in Cary have green grass and that's their life and they have nothing else to do.	Cary residents take great pride in their homes and yards and having people respect their private property is important to them and to all of us.	Be careful to not let your own prejudices about what's important to others show in your response. Don't be contemptuous of the people you serve.

Nominating Committee still looking to fill positions

A reminder that the North Carolina Association of Municipal Clerks' Nominating Committee is gearing up to present a slate of officer candidates to the NCAMC Board of Directors in June. We are re-running this information that ran in the February newsletter so that you can

Each year during the August annual conference, a slate of officers and director candidates is presented by the Nominating Committee for your approval during the annual business meeting. Enclosed in this newsletter (**See Page 4**) is an Interest Form for those interested in serving as an officer or director of the North Carolina Association of Municipal Clerks.

In 2007, the positions open are **Directors** for *Districts II, IV, VI, VIII, X and XII*; **Recording Secretary and Second Vice President**. For your convenience, requirements for these positions are indicated on the applicable form on Page 4.

Carmen experiences a “miracle”

There could not have been a better name drawn from the bag of names on Friday, January 26, 2007, at the Annual City and County Clerks' School. Carmen Miracle had been hoping her name would be called throughout the two-day event as door prizes were being passed out right and left. It was getting almost near 1 p.m., prizes were still being handed out and STILL no prize for Carmen. She was the very one who had worked so hard at getting prizes delivered and distributed to the lucky winners.

However, the time finally arrived for the “Grand Prize” drawing. A signed print from Bob Timberlake, a renowned artist from Lexington, was donated by Mr. Timberlake himself and delivered by Lexington Clerk Tina Lanier. The print was titled, “Luna’s Pansies.” Every Clerk fell in love with the print and anxiously waited for her name to be called at the end of Friday’s class.

Mr. Fleming Bell, a dear friend and counselor for all City Clerks, was asked to draw the winning name. Carmen called Tina up to the front to present the Grand Prize to the winner. Fleming was sifting the names over and over and over in the bag. Carmen and Tina urged him to “hurry up” ... the drum roll started ... the name was pulled ... Fleming did not speak! Carmen and Tina thought, “Does he not know how to pronounce the name? Is it his name? What is the problem?”

Carmen was standing beside Fleming and began to rise up on her tiptoes, glared across his left shoulder and suddenly, she starts screaming and jumping around hysterically!!! Tina is standing there thinking, “What is going on? Who’s name is it?” Then, Tina realizes it is Carmen’s name that was drawn. Fleming began to blush as Carmen jumped around hugging him, then hugging Tina and back again

Fleming Bell’s face says it all when Carmen Miracle hugs him after he calls her name for the grand prize drawing at the Annual City and County Clerks’ School. (Photo Provided)

to hugging him!!!

It was truly a “miracle” that Carmen Miracle’s name was drawn. However, it was very deserving as the grand prize could not have gone to a more devoted and hard-working City Clerk. It was almost like an “angel” was in the room to deliver the “miracle.”

Life does continue to bring us “miracles” if we only would take the time to notice that they are all around us! Congratulations, Carmen Miracle!

In addition, representatives from the NC Division of Historical Resources will provide practical and useful information to

help you manage, update and control your office records and filing systems. Trainers from the North Carolina League of Municipalities will also be on hand to brief you on Risk Management Issues and to answer your specific questions.

Also, Clerks tell us that they enjoy opportunities to learn from their fellow Clerks; therefore, a Clerk panel will be offered on the topic of "How We Handle Our Public Comment Period." Clerks from large, medium, and small towns will "show and tell" about the procedures they are using to manage this requirement. Fleming Bell, Professor of Law at the NC School of

Government will also be on hand to discuss the legal issue of the Public Comment Statute.
